

INTEREST INVENTORY

Occupations have been divided into twelve large groups, called Interest Areas, based upon the kind of activities workers perform. The *CareerScope* Interest Inventory includes a list of work activities from the twelve Interest Areas. This report examines your responses to the interest inventory items to help you choose the kind of work you will most enjoy.

I. Interest Area Scores

Your total number of "LIKE," "?" and "DISLIKE" responses for each Interest Area are reported below. Percentile scores show the percentage of other people who gave fewer "LIKE" responses than you did in each Interest Area. A percentile score of 50 shows average interest; 70 or higher shows above average interest as compared to other people. Percentile scores are listed below for males and females as well as for the total group. Your percentile scores are based upon a comparison between your results and the results of people who are 17 years of age or younger.

<u>Interest Area</u>		<u>Like</u>	<u>?</u>	<u>Dislike</u>	<u>Percentiles</u>			<u>Percent</u>	<u>IPA</u>
					<u>Total</u>	<u>M</u>	<u>/ F</u>	<u>Like</u>

II. Aptitude Profile

The table below reports and graphically displays your aptitudes as standard scores and as percentile scores. Both types of scores involve the comparison of your performance against the performance of 10th grade students.

An aptitude score of 100 is exactly average. Scores between 80 and 120 can be thought of as "in the average range." Percentile (%tile) scores report the percentage of people who score below you. The graph displays your relative strengths. Different combinations of aptitudes (listed on the left) are important in different Work Groups.

<u>Aptitude</u>	<u>Score</u>	<u>%tile</u>	<u>Average Range</u>	
General Learning Ability	105	60		
Verbal Aptitude	95	40

•Your aptitude profile may include Motor Coordination, Finger Dexterity and Manual Dexterity scores. The sources of these scores are listed below. If "Counselor" is listed as the source of information, an assumption has been made regarding the score. If "None" is listed as the source, the performance factor will not be considered when making Work Group recommendations. Motor Coordination:COUNSELOR; Finger Dexterity: COUNSELOR; Manual Dexterity: COUNSELOR.
