

RECOMMENDATIONS

Occupations have been divided into twelve Interest Areas as described in the Guide for Occupational Exploration (GOE) and elsewhere. The Guide for Occupational Exploration further subdivides the Interest Areas into Work Groups, based upon aptitude score requirements. Occupations that belong to the same Work Group require similar interests and similar aptitudes.

Reported below are career directions that are based upon your current *CareerScope* interest and aptitude profiles. When you see a • symbol next to a GOE Work Group number and name it means you can be more confident that your aptitude scores qualify you for that Work Group. Review your *CareerScope* recommendations and score results with a career guidance and counseling professional to learn more about the Work Groups that best match your assessment results.

INTEREST AREA 02 - SCIENTIFIC

An interest in discovering, collecting, and analyzing information about the natural world, and in applying scientific research findings to problems in medicine, the life sciences, and the natural sciences.

• GOE 02.04 Laboratory Technology

Workers in this group use special laboratory techniques and equipment to perform tests in the fields of chemistry, biology or physics. They record information that results from their experiments and tests. They help scientists, medical doctors, researchers and engineers in their work.
